COMMENTS ON EXAMINER'S REASONS FOR ALLOWANCE

Applicant agrees that all claims are allowable. The statement of Reasons for Allowance identifies features of the claims that are not disclosed by the prior art of record. Notice of Allowance at pages 5-6. For purposes of clarity, however, Applicant notes that the identified features relate to features of claims 92 and 103. Applicant notes that independent claims 66, 70, and 71 do not recite the exact features referenced in the Notice of Allowance.

Further, Applicant agrees that the features recited in the examiner's Reasons for Allowance are not taught or suggested by the art of record, and that the relevant independent claims are distinguished from the cited prior art. Applicant does not concede that the stated reasons are the only grounds for patentability of the allowed claims, that the features excluded from the Reasons for Allowance are taught or suggested by the art of record, or that all of the features are necessary for patentability of the allowed claims or other claims directed to the disclosed subject matter.
